

Child Safety and Wellbeing Policy

Ss Michael & John's Primary School, Horsham operates with the consent of the Bishop of the Catholic Diocese of Ballarat and is operated and governed by Diocese of Ballarat Catholic Education Limited (DOBCEL).

Policy Statement

The Ss Michael & John's (the School) Child Safety and Wellbeing Policy reflects the school community's shared commitment and expectations in relation to child safety.

This Policy details how the school community will:

- respond to any allegations of child abuse at school, in a student's home, or in the community.
- promote child safety and protect children from abuse
- comply with the requirements of Ministerial Order 1359 – Implementing the Child Safe Standards – Managing the Risk of Child Abuse in Schools and School Boarding Premises
- seek to mitigate and prevent the risk of abuse.

Ss Michael & John's Primary School is committed to protecting its students from all aspects of harm, and has established strategies, practices, policies and procedures to enable it to fulfil its commitment.

All policies, protocols and procedures flow from the School's vision:

*With Christ as our centre point and inspiration,
our children will thrive and be empowered to positively contribute to the world.*

The School takes a zero-tolerance approach to any behaviour that jeopardises student safety and wellbeing (at school, in the home, or in the community). The School is committed to its student safety and wellbeing responsibilities in the context of the School's values.

The School has a pastoral, moral and legal responsibility to create a connection between student safety and learning, especially in a personalised learning environment where staff discover what motivates and inspires students, and focus on their strengths and ambitions.

The School treats seriously its reporting obligations in relation to student safety matters, including to CCYP (reportable conduct), Child Protection (mandatory reporting) and Victoria Police (mandatory and criminal reporting). It recognises that whilst reporting obligations may differ depending on a person's position in the School, all staff are required to uphold this policy by ensuring that student safety and wellbeing matters are reported internally, and where required, externally.

This policy, therefore, demonstrates how the School will meet its responsibilities and commitment to student safety and wellbeing. It is a child safety policy made in accordance with *Ministerial Order No. 1359 – Implementing the Child Safe Standards – Managing the Risk of Child Abuse in Schools and Boarding Premises*.

The School's approach to student safety and wellbeing is guided by a number of overarching principles and values (listed below) that promote the development and regular review of strategies,

practices, policies and procedures to uphold the commitment to protect students from all forms of harm:

- All students at the School have a right to be safe and to feel safe.
- The safety and wellbeing of students is the School's paramount consideration.
- The safety and wellbeing of students is dependent upon the existence of a student safe culture.
- Student safety and wellbeing is everyone's responsibility.
- Student safety and wellbeing awareness is embodied, promoted and openly discussed within the school community.
- Families have the right to participate in decisions affecting their child and they, and the school community, are engaged and informed about the School's approach to student safety and wellbeing.
- To ensure equity is upheld in policy and practice, staff need to be aware of students' diverse circumstances, needs, and vulnerabilities in order to provide support and respond to those who are vulnerable.

Context

A Student Safety and Wellbeing Culture

Creating and maintaining a student safety and wellbeing culture requires input from the entire school community. The aim is to provide a safe environment that aligns with the School's mission and values.

Through processes and practices, a student safety and wellbeing culture is championed and modelled at all levels of the School. Student safety and wellbeing are embedded in the School's leadership, governance and culture. The School sets clear expectations regarding student safety and wellbeing, ensuring that at all times, governance arrangements facilitate the implementation of this policy (including by making student safety and wellbeing a standing agenda item and reviewing the School's student safety and wellbeing processes across all levels).

Support and Engagement of All Students

The School appreciates that a student safety and wellbeing environment can be different for every student, and in delivering this, supports and respects the cultural safety of Aboriginal and Torres Strait Islander students, students from culturally and/or linguistically diverse backgrounds, as well as students with a disability or who are otherwise vulnerable (including students who identify as LGBTIQ+ and those with challenging home situations/out-of-home care).

The School supports and encourages students to talk openly and share their views, particularly about matters that directly affect them.

The School will aim to ensure students (and their parents/carers/guardians) are provided with the necessary skills and knowledge to understand and maintain a student's own, and their peers, personal safety and wellbeing. This including understanding, identifying, discussing and reporting student safety and wellbeing matters, as well as the standards of behaviour expected of students attending the School.

The School will promote its student safety and wellbeing practices to students in ways that are readily accessible, easy to understand and user-friendly, including by:

- the appointment of Child Safety Officers who champion student safety and wellbeing
- training staff to recognise the indicators of harm to students, including harm caused not only by adults but also by other children and young people, and harm in online environments
- collaborating with parents to ensure that they are provided with information about child abuse and reportable conduct
- encouraging students to identify safe and unsafe environments and situations, including in an online environment
- setting clear student safety and wellbeing standards so that staff, students and the school community are aware of the standards that are expected, and those which fall short of the School's expectations
- distributing and displaying child-friendly publications, including posters which promote student safety and wellbeing (e.g. PROTECT posters)
- clearly communicating information on where students can access support, make a report about safety or wellbeing concerns.

Statement of commitment to student safety and wellbeing

To students, Ss Michael & John's commits to the safety and wellbeing of all children and young people by:

- Providing children and young people with positive and nurturing experiences
- Listening to children and young people and empowering them by ensuring that they understand their rights (including safety, information and participation), and by taking their views seriously and addressing any concerns that they raise
- Taking action to ensure that children and young people are protected from abuse or harm
- Ensuring that the needs of all children and young people enrolled in the School are met, especially the needs of those who are most vulnerable
- Recognising the importance of friendships and encouraging support from peers, to help children and young people feel safe.
- Developing a culture that facilitates student participation.
- Teaching children and young people the necessary skills and knowledge to understand and maintain their personal safety and wellbeing
- Seeking input and feedback from children and young people regarding the creation of a safe school environment.

To families, carers and guardians, Ss Michael & John's commits to:

- Communicating honestly and openly with families, carers and guardians about the wellbeing and safety of children and young people
- Seeking the views of families, carers and guardians about child- safety and wellbeing practices, policies, and procedures
- Transparency in decision-making in instances where it will not compromise the safety of children or young people
- Open engagement and communication about a child safe approach related to child safety and wellbeing
- Ensuring that relevant information relating to child safety and wellbeing is accessible to families, carers and guardians
- Acknowledging the cultural diversity of children and young people and their families and being sensitive to how this may impact on student safety issues
- Reviewing and improving school systems to protect children and young people from abuse.

To school staff, Ss Michael & John's commits to:

- Providing all staff with the necessary support to enable them to fulfil their roles, and to ensure that staff are attuned to recognise signs of harm and can facilitate child-friendly ways for children and young people to express their views, participate in decision-making and raise their concerns.
- Providing regular opportunities to clarify and confirm policy and procedures in relation to child safety and young people's protection and wellbeing. This will include annual training in the Child Safety and Wellbeing Policy and the DOBCEL Safeguarding Children and Young People: Code of Conduct, as well as training in mandatory reporting obligations and staff responsibilities to report concerns
- Listening to concerns voiced by employees, clergy, volunteers, and contractors about keeping children and young people safe from harm
- Providing opportunities for employees, volunteers, contractors, and clergy to receive formal debriefing and appropriate assistance in relation to incidents of the abuse of a child or young person.

Communication

This policy is available on the School's website.

This policy is available to staff as part of the School's and the DOBCEL Board's internal policies and procedures. Aspects of and updates to the School's student safety and wellbeing framework, including this policy, will be addressed in the School's professional development updates, training programs, bulletins, DOBCEL newsletters and Executive Director's Updates.

Breach of this Policy

The School emphasises the need for staff to comply with all the requirements of this policy.

Staff found to be in breach of the requirements of this policy may be subject to disciplinary action, up to and including termination of employment or engagement (as the case may be). Breaches may also result in notifications to appropriate authorities and/or the Police.

To implement this policy:

- the DOBCEL Board and Principal will review this policy and its accompanying procedures at least every two years (or more frequently after a significant student safety and wellbeing incident) and implement improvements where necessary
- annual training and refresher sessions on this policy will be provided to all staff
- the Principal will monitor staff compliance with this policy.

Scope

This policy applies to all Board members, the Principal, employees, volunteers, clergy, contractors, labour hire workers and other authorised personnel required to perform functions on the School's premises, or at school-organised activities and events. Collectively, these individuals are referred to as 'staff'.

This policy extends to any other person who is engaged in student-connected work at the School, or who otherwise has direct and regular contact with the students (whether supervised or not).
